

Anne's in Bolivia!

September 27th, 2013

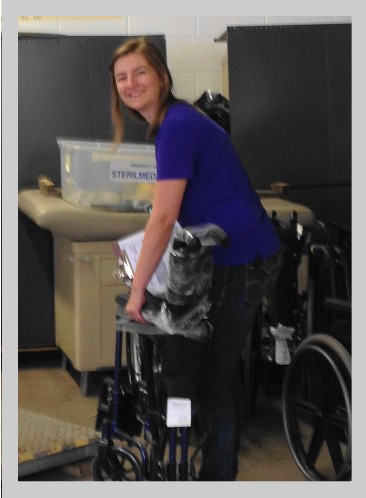

Mano a Mano Noticias!

Thank you Anne Savereide for all the incredible work you did here at the office this Summer and are now doing in Bolivia with our Bolivian staff for three whole wonderful months!

Anne helped facilitate youth group volunteer activities weeding and laying mulch in our garden!

Anne helped us prepare for the Open House this Summer painting, cleaning, organizing and more! She even helped facilitate a volunteer activity at Medtronic assembling school supplies packets!! These pictures above and below are of Anne helping Mano a Mano in Bolivia with an inauguration ceremony handing out school supplies packets to rural children!

Anne helped us load the containers in August keeping inventory and weights on everything that entered the containers!
